This Number Assembled at Educational Convention.

MEETINGS YESTERDAY

Archbishop Ireland Spoke on Influence and Responsibility of the Teacher, and Scathingly Denounced Yel-

low Journalism.

(By Associated Press.)

MINNEAPOLIS, MINN., July 9.-Over 20,000 visitors are now here in attendance on the National Educational Association Convention. Each of the fifteen meetings to-day was well attended. Nearly very department of the association has held a meeting at the department of special education.

Dr. Alexander Graham Beil, the inven-tor of the telephone, and president of the department, made an address explaining the wonderful work which the ediucators of defectives throughout the country was doing. Dr. Bell said:

"One of the greatest defects of the present methods of the education of defectives is sending them to special schools and taking them away from home. This in a large measure can be done away with the establishment of day schools for special instruction as a part of our regular public school system. Children partially defective are at the present time drifting along without adequate instruction, and the condition as it now exists should be remedied at

At the evening session of the entire convention, which was held in the expo-sition building, there were about 10,000 people. Hon Michael Ernest Sadler, LL. D., of London, England, spoke of edu-cational work in England, and showed the close relations between, and effective ness of the work and the workers in the two countries.
YELLOW JOURNALISM.

Archbishop John Ireland, of St. Paul, spoke on "The Influence and Responsibility of the Teacher." He said he should never deny that among the immediate of the Spanish-American War were "the exaggerated statements, the lies, too, and the calumnies; the ceaseless appeals to wild and reckless passion, winich disfigured and disgraced the utterances of certain newspaper writers and of certain other manipulators of public opinion." "I know for a fact," he added that the instructions given from the of-See of a newspaper to its European cor-respondent read this wise: Wire all that makes for war; nothing that tends to prevent or delay it.

'How unguarded and reckless and how remehensible many statements published at the present time as from the Philip-pines, purporting to tell of dreadful deeds of cruelty and injustice, for which, on close examination, no foundation in fact is found, I shall name in this connec-tion an instance, which I am particularly pleased to censure. A little while ago a certain Catholic newspaper raised the cry that proselytism was the order of the day in the schools of Manila. The chief officials, it was said, and the teachers in the nornal, being regularly ordained ministers divided their time between the multi-lication table and proselyting. The mat-ter was investigated and it was discovered that the chief officers and teachers in the normal were not ordained ministers rad their own good sense as well as the rules held them strictly to secular

MISS OELRICH'S GOWN.

Her Wedding Dress Costs Enormous Sum of Ten Thousand Dollars. (By Associated Press.) NEW YORK, July 9.—Miss Lily May

Oelrich's wedding gown is completed and now hangs in the establishment of the modiste, a fashionable uptown one. It will be sent to-morrow to Newport, where Miss Oelrichs is spending the summer, and where, on Thursday, July 24th, in St. Joseph's Roman Catholic Caurch, she will be married to Peter D. Martin, of San Francisco.

The gown will delight the feminine eye. Heavy viory-white satin forms groundwork and is covered with the silk-iest, gausiest white chiffon except in Here, narrowing to the waist and again widening to the hem of the skirt. the outer material is lace, hand sewed. with large pearls and satin flowers. At either side of this centrepiece and clean around the chiffon is tucked over the whole surface of both waist and skirt. The tucks are two inches wide at the shoulder and narrow to an eighth of an inch at the waist-line, widening again from there to 21/2 inches at the hem of

The neck is cut only slightly decollete, according to the prevailing mode for wedding gowns. At the top of the bodica is used rare old point Venetian lace. his lace, used also for the extensive h. dal vell, is lent for the occasion by the hilde's aunt, Mrs. Hermann Oelrichs, and after the wedding it will be given to the

Metropolitan Museum of Art. It is al Metropolitan Museum of Art. It is almost the close fitting sleeves, which end just above the elbow are of silk net, en broidered in pearls and finished with rafiles of tucked and hand-embroidered

The train, of white satin, uncovered are by the vell, is almost five yards long, and henge full from the shoulders after the manner of the coronation robes of the English peeresses. The veil is to be fostened withdiamonds to the bride's hair, upon which will also rest a wreath

of crange blossoms.

The complete cost of the gown is estinated at slightly less than \$10,000. Near ly all of the work was done by hand, and required almost the entire force for weeks of the establishment in which it was built. It was designed especially for Miss Oslrichs, and in consequence of the rither reverse outlines and the long train adds inches to her five feet ten, and the likelieved white makes her blond beauty

the more effective.

M'ss Oelrichs' mother will be attired Miss defining mother will be attired at the wedding in a rich gown of lace, yellow in shade, over white satin. The powr is built by the same mediste that feshioned her daughter's. The bride's youngest sister will be the maid of honer and wear white.

MITCHELL CONFIDENT.

Says He is Sure Miners Will Win Their Strike.

(By Associated Press.) NANTICOKE. PA., July 9.—President Mitchell, of the United Mine-Workers, came here from Wilkesbarre to-day and addressed the delegates of District No. 1, who are now in annual convention here. The national leader was received with much enthusiasm. In his address he ridiculed the rumors that the operators were about to start up collieries. Scored the "Citizens' Alliance" organiorganizations of Scranton and Wilkesbarre and

"In all my experience in the labor movement, I have never participated in a strike in which I felt so confident of success. If our members will stand, as

I know they wil!, we will in no distant future achieve a victory and shall settle for all time the right of the coal miner o receive for honest labor and unremitting toil at least a sufficient wage to per-mit them to live and support their fam-ilies and enjoy a few of the pleasures of our civilization."

REUNION OF MOSBY'S MEN

Basket Picnic and Confederate Music by a Loudoun County Band.

(Social Dispatch to The Times.) LEEEBURG, VA., July 9,—Active preparations are being made in Leesburg for the reunion of Mosby's men the number of speeches by prominent

men will be made, including an address of welcome by Colonel E. V. White, with response by a member of the comman! appointed by the commander.

There will also be a basket picnic on the courthouse green in Leesburg, and everything possible has been planned to

make the old soldiers enjoy a rousing good time, even to old time war music furnished by one of the county bands. The officers of the command are; Com-nander, Colonel John H. Alexander, of eesburg; First Lieutenant-Commander, Captain J. N. Ballard, of Fairfax; Second Lieutenant-Commander, Captain E.

Thompson, of Alexandria county; Third Lieutenant-Commander, Robert M. Harrover, Washington, D. C.; Chaplain, Rev. S. G. Ferguson, Leesburg; Secretary, C. E. Biedler, of Baltimore.

CUBA IS TRANQUIL

Minister Ouesada Reports That Island is Free of Disorders.

(By Associated Press.) WASHINGTON, D. C., July 9.-Minister Quesada, of Cuba, in an interview to-day, said:

"Not only is the island tranquil from one end to the other, but the people are determined to keep it quiet, no matter how much their suffering, because they know that internal disorder means sacrifice of Cuban independence. All the rominent generals in every section of the sland have communicated to President Paima their purpose to uphold his ad tuitistration. The Governors of all the provinces have reported to President Palma that their localities are free from

"There has been some discontent among the colored people because they have not been made officers, and when President Falms came into office they requested of him that they be given a place, but the namitant they be given a piace, out the leaders declared that they did not propose to make any trouble, so there is no fear of that. There is naturally a pessimistic feeling in regard to reciprocity, but it is looked upon as deferred and not re-

TO LOSE THE OFFICE HERE.

That of Coast Line Auditor May Be Moved to Wilmington.

There was a rumor current yesterday to the effect that one office of Mr. R. A. Williams, assistant auditor of the Atlantle Coast Line Railroad, would be moved from Richmond to Wilmington, N. C. At the auditor's office nothing would be said on the subject.

It was reported that the office would be moved from here on August 1st. This follows the consolidation of the Atlantic Coast Line Railroad and the Plant System and the new order of things in the operation of this great Southern road. The office has been located in Richmond many years and Mr. Williams, in point of service, is one of the oldest officials of the road.

EXPERTS HERE

Will Make Inspection of Street Railway Lines To-Day.

tour of all the street railway lines .These gentlemen arrived in the city esterday afternoon for this purpose and stopping at the Jefferson. Accompa-l by Messrs. Calvin Whitely, E. W. Trafford, H. T. Hoppe and C. A. Buch-anau, local officials of the company, they will leave Jefferson and Main Streets this moining at 6:39 o'clock on a special car. and during the day will make a complete examination of all lines. The car will be equipped with various machines for test-

TRACEY THOUGHT

Posse Has Scoured Wide Territory for Desperado, but Failed to Find Him.

(Ey Associated Press.)
SEATTLE, WASH., July 9.—The pursuit of outlaw Harry Tracey appears to be temporarily suspended. Sherif Cudihee has called in the guards from the southern suburbs, leaving only a suffi-cient number for a careful patrol. It is cient number for a careful patrol. It is believed that Cudihee expects the convict, if he reappears at all, to show up in another part of the country. The posse that started from Renton with the blood-hounds this morning returned this evening after a fruitless search.

Since early this morning the posse has been scouring the country between Renton and Black River Junction. A large territory has been covered, and it is believed that Tracey is hiding in the dense woods of this district. Guards have been

woods of this district. Guards have been statloned on every road in the expecta-tion that he will soon make his appearance

at some house and demand food, as he is known to be without supplies.

The rumor that Murrell has joined his murderous companion cannot be substantiated. Nobody knows the exact whereabouts of the desperado. The Salem venitentiary guard who is with the guard at Renton, is confident that Murrell and Tracey are once more together. Three suspicious individuals have been arguing the proposed of the present of the nine-hour shift to the Passenger and Power Company, reported that after many futile attempts to have the matter adjusted they had failed, and that it now rested with the union to settle the questrested with the union to settle the questrest of the recognize their request in the request in the recognize their request in the request in the recognize their request in the recognized the request in the recogniz whereabouts of the desperado. The Salem venitentiary guard who is with the guard at Renton, is confident that Murrell and Tracey are once more together. Three suspicious individuals have been arrested at Renton. It is thought they may be the four men who met Tracey at Black River brides. Monday night and walked through R. nton in Tracey's company. At the jail they gave their names at Andy Neilson, Tom Madden and Phil, Pitchie. The first two say they are logar Andy Nellson, John State Pitchie. The first two say they are log-zers and the third says he is an iron bridge builder. Their statements are conflicting.

A diligent search is being made for the fourth alleged accomplice, who is thought to be hanging around Renton or may have joined the convict. Rumors are rife that the fourth man is none other than Murrell, but this is generally discredited.

Angry Indian Chief. WALKER, MINN., July 5 .- Chief Flat-

mouth of the Pillager Chippewa Indians bitterly assailed the Morris bill in a speech made before several hundred peoat the Fourth of July celebration

ple at the Fourth of July celebration held at the Leech Lake agency.

"The white men are bound to crowd out the poor Indian," he said, "and then what will we do? I have been to see the great father in Washington five times to collect annuities and back pay, and each time I came away without a cent.

The people that passed the Morris bill The people that passed the Morris bill are not honest. The Indian should have more money for his land and pine."

county, to Lieutenant Colonal Court

TO BE HIDING Set County, to Lieutenant Colonel Gerald Keith Mitchell, of the Egyptian army. The ceremony will take place on July 22d.

NINE-HOUR FIGHT WILL BE PRESSED

Street Railway Men's Union Gives the Company Two Days More in Which to Decide.

There will be no trouble on the street railway system here for two days a least. was the action taken at the meeting of the Street Railway Employes this morning at Smith's Hall, when after much discussion the men agreed to allow the company two days more in which

adjusted they had falled, and that it now rested with the union to settle the question. Much discussion was had on the best method of procedure, and after several speeches of some length a new committee was appointed to present the petition anew to the company with a limit of two days in which they should receive their reply. The union will meet again Friday night to receive this report.

The petition which was presented requested that shift of men for nine-hours be made, which would insure the men a nine-hour day and which would necessitate an increase of the forces to about nine-hour day and which would necessi-tate an increase of the forces to about one-fourth more. It is thought by the employes that the increase of force is what has caused the delay of the com-pany in giving them some positive reply to their request.

CHICKAMAUGA POST

Probable That First One Will Be Erected at the Southern Park.

ted at the Southern Park.

(By Associated Press.)

CHATTANOOGA, TENN., July 9.—General H. V. Boynton, president of the Chickamauga National Park Commission, in an interview here to-day in regard to the establishment of a permanent army post at Chickamauga Park said:

"The judge advocate-general has given an opinion that no general objection exists for bullding officers' quarters and barracks within the limits of the park. Two sites within the park are under consideration, one on the west side near Snodgrass Hill and the other in the vicinity of Jays Mill. There is a strong inclination to purchase a tract of sufficient area for a commodious post south of the present limits of the park."

MUST KNOW WHAT FISHER WILL DO

Plans of the Tuckahoe Club De-

MAJORITY WISH TO BUILD

But This Musi Be Determined by the New Owners of Westhampton Park and the Traction Line-Meet-

ing of the Members.

The matter of whether or not the projected clubhouse for the Tuckahoe Club shall be built rests with the owners of the park and the car line leading thereto-Mr. George E. Fisher, the Goulds

If the new owners of these properties will agree to make the concessions that were offered by the former owners the clubhouse will be erected; if they de-cline to do this the chances are that the scheme will be abandoned or a new arrangement be made.

of the meeting of the Tuckahoe's members held last night at McGuire's School. There are over 400 members, and there was a good attendance. Mr. A. H. Christian the president, was in the chair, and Mr. Abraham Warwick discharged his duties

as secretary.

It was rather the opinion of the members that their plans should be held in abeyance for a time awaiting the action of the new owners of the property question is whether the Passenger and sorbed the Richmond Traction Company as well as the Westhampton Park Com pany, will grant the club the same privileges and offer the same inducements as had been offered by the companies nov absorbed. This question could not be answered last night and as a result it was decided to wait a week or ten days. during which time the matter shall be laid before the owners of the Passenger and Power Company's properties for their consideration. The earnest desire of the club is to build.

WAS NOT AT ALL SERENE.

The meeting was not altogether serene There were several members who had subscribed largely for stock under the former conditions, who announced that they would cancel their contracts under the new. These gentlemen insisted upon abandoning the idea of building at West

"The result of to-night's meeting," said one gentleman last night, "will be that nothing whatever will be done at Westhampton for a year, if at all, and for the

coming year the club-house at Lakeside will be leased." Continuing, he said, he favored abandoning the Westhampton plan and bring ing about a consolidation of the Deep Run Hunt Club, the Lakeside Club, and the Tuckahoe Club, which would secure a membership that would permit the erection of a handsome country club that would be an henor to Richmond.

MORE HOPEFUL VIEW Another member with whom The Times writer talked was much more hopeful He said the great majority of those present were heartily in favor of carry ing out the original plan if the park as street railway people now in contr would make good the promises held out thought they would do so. But they have so many things on hand that a little time must be given for considera

of over 400, was to absorb the Lakeside Club and erect at Westhampton a hand-some country club-house. The Traction Company and the park company gether, offered a site, guaranteed ex-cellent car service, and subscribed a good amount towards the erection of the

Plans for the club-house have been drawn at an expense of over \$400.

IOWA STREAMS ARE HAGING TORRENTS Vatican Submits its Answer to Judge

Families Forced from Their Home and Immense Damage Done to Property.

(By Associated Press.)
DES MOINES, IOWA, July 9.—Contin-uous rains have forced nearly all the streams from their banks and the destruction of crops, live stock, and other property, is assuming immense propor-tions. It is impossible to estimate the damage done from the indefinite reports received. The damage is especially extensive in central, northern and castern and southwestern parts of the State. The valleys of the Sioux and Maple Rivers are flooded and Woodbury and Monen: counties are under water. Many country bridges have been destroyed between Marshalton and other surrounding points

Hogs and cattle have been drowned.

At Cedar Rapids, 5.4 inches of rain has fallen since July first. The Cedar River is out of its banks and many families have been forced from their homes. Numerous bridges have been swept away in Lynn county. The Staunk River and Squaw Creek are out of their banks, and near their confluence in Story coun-ty, thousands of acres are flooded and crops partly destroyed. The continuous rains are paralyzing business. The West end of the city is mundated and families are moving out.

The Des Moines River is up six feet at that point. The damage in the county is estimated at \$50,000. The town of Exira is under water.

DON'T GET IN A SWEAT

Perspiration-"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Best for the Bowels. All druggists, toc. 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. Guaranteed to cure or your money back. Sample and booklet free. Address.

"Moving along from one room to another, we come to Capitol Hill, about 60 by 100 feet, with its high dome ceiling, in the center of which nature has placed a centerpiece of most beautiful boxwork. The Odd-Fellows Hall comes nixt, with the three links in the ceiling, formed by three holes cut out by the rushing water. The goat standing in a little side opening looks very natural.

"Then we reach the Stone Quarry, where we find great slabs of stone of a pink tint, broken away as straight as if cut and plied up ready for a large building."

Then we reach the Garden of Eden, "Then we reach the Garden of Eden, where we find the frestwork, being down where we find the frestwork, being down the promotion of the provided the frestwork, being down the production of the provided the frestwork, being down the production of the provided the frestwork, being down the production of the provided the frestwork, being down the production of the provided the frestwork is the provided the frestwork and the provided the prov

ing. Then we reach the Garden of Eden, where we find the frostwork, being down where we find the frostwork is coated with a pure white frost and the edges are trimmed with lift white balls like popcorn and long frost petals white as snow and so delicate that a breath will almost destroy it. Noah's beard hangs from a little point of rock in this frostwork about an inch long, and from it are long strings like fine silver wire fully two feet long. "Words cannot describe this place, so we will go down Corkscrew Path, a winding trail going down quite steep around a deep, dark hole, and we are on the brink of Dante's Inferno. Amid a continuous change of formations and constantly changing scenery, we find the Monte Cristo Palace, the Assembly Room, the Fair Grounds—an immense room 200 feet long and from 10 to 90 feet.

room 300 feet long and from 40 to 60 feet wide, with great domes near the center."

DISBROW HELD Grand Jury Will Hear Evidence in Sup-

port of Murder Charge.

UNIQUE MANTEL

W. J. Bryan Wants Marble Slab from Each State He Carried.

(By Associated Press.)

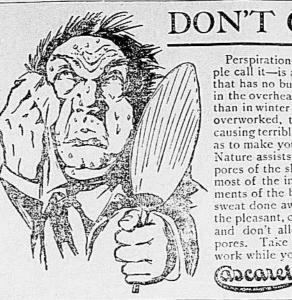

TUSCALOOSA, ALA. July 9-State Geologist Eugene Smith has received a letter from Hon. W. J. Bryan requesting a slab of Alabama marble. Mr. Bryan states that he is building a mantel and intends to place in it a marble tile from each of the States which he carried during his campaign.

port of Murder Charge.

(By Associated Press.)

NEW YORK, July 9-The hearing of the charge of murder against Louis A. Disbrow, who is accused of having caused the death of Sarah Lawrence and Clarence Foster, was continued to-day at Good Ground. L. I., and this afternoon Disbrow was held for the grand jury.

Albert T. Hand testified that he saw Foster's body the day it was found, and that there was a cut over the right eye. James Cassidy said he also saw this cut. Albert Mott, a bayman, gave evidence to show that neither body could have been cut or otherwise injured by ovster shells. The prosecution then closed its case.
